

## Oxnard Shores Neighborhood Council

Executive Board Meeting 6/5/24

Minutes

In attendance:

Board: Walt Hagedohm, Diane Delaney, Audree Chapman, Ben Di Benedetto, Joe Gosland

Members: Carol Hagedohm

### Local Coastal Plan (LCP)

Walt presented background information on Oxnard Shore's LCP and reasons for the need to recognize and incorporate it into the City's LCP.

- Property owners gave up half of the land on the beach for public access. However, it was stated that this beach was not appropriate for recreational use. Therefore, in the 1988 agreement, it was stipulated that no restrooms or parking facilities be made available.
- We have requested that the stipulations in this LCP be incorporated into the rules and signage at the beach.
- Also, the City's projections on the rise of sea levels do not take into account relative sea level rise based on local conditions. This difference could have a significant impact on property values. Relative Sea Level rise should be incorporated into the City's LCP.

### Community Engagement Committee:

**It was moved to create an Oxnard Shores Outreach subcommittee.**

**The motion was approved unanimously.**

:

Functions of the new subcommittee will include:

- Regular updates to website
- Use of Facebook, Instagram, and Next Door
- Email – ways to add to and update our resident contact list
- Possible newsletters and posters

→Discussed the need to schedule meeting with Alex Nguyen for STR update General Meeting

**It was moved to use the remaining \$470 on the fiscal 2024 credit card to purchase items for National Night Out and to apply for the new fiscal year 2025 credit card.**

**The motion was approved unanimously.**
